WHAT ARE THE DIFFERENCES BETWEEN A HOME PROTECTION PLAN AND HOMEOWNERS INSURANCE?

Homeowners insurance pays for accidental damage to a property due to fire, weather, theft, and some natural disasters. It may also protect the homeowner from liability claims should someone be injured on the property.

A home protection plan covers the cost of repairs and replacements of certain appliances and systems in homes caused by everyday wear and tear, or from old age. For example, air conditioning and heating systems, plumbing systems, electrical systems, and appliances.

WHAT IS A HOME PROTECTION PLAN?

A home protection plan covers the cost of repairs and replacements of certain appliances and systems in homes caused by everyday *wear and tear*, or from old age. Typical items covered are central air conditioning systems, central heating systems, kitchen appliances, clothes washer and dryer, plumbing, and the electrical system. Instead of customers having to spend lots of money repairing or potentially replacing expensive items in their home and finding a technician to fix them, they just pay a low service fee to Cinch at the time of the claim and Cinch should take care of the rest.

WHAT IS THE \$1,000 HOMEOWNERS INSURANCE DEDUCTIBLE REIMBURSEMENT?

If you file a claim with your homeowner's insurance company and must pay a deductible, you can get reimbursed up to \$1,000. You can get reimbursed on 1 claim per 12-month period. (*This benefit is only available in the Complete Home plan.)

WHAT IS THE \$1,200 EMERGENCY LODGING REIMBURSEMENT BENEFIT?

Here's how it works: when you have a qualifying event that leaves your home uninhabitable 24 hours or more following a first service visit, you can get up to \$1,200 back on a hotel or motel stay. However, there must be a delay in acquiring repair parts or a delay of 24 hours or more in the provision of service for water removal from pipe breakage to receive this reimbursement. You can get reimbursed on 1 claim per 12-month period. (*This benefit is only available in the Complete Home and Systems plan.)

WHEN AND HOW WILL THE CUSTOMER RECEIVE THE \$25 FILTER CREDIT?

After your warranty is active and your first payment has been received, you will receive an email from FilterJoy with instructions on how to redeem your one-time, annual \$25 Filter credit.

WHAT IS AN UNKNOWN PRE-EXISTING CONDITION?

Cinch will cover an unknown pre-existing mechanical failure which means the reason for the item's failure could not have been detected by visual inspection or a simple mechanical test. However, if a problem was found during, let's say, a home inspection and no action was taken, it would be considered a known pre-existing condition and would not be covered. Unless it is obvious the item has been broken for a long period of time, most claims will be covered.

WHAT IS LOCKSMITH REIMBURSEMENT SERVICE?

Cinch will reimburse you up to \$50 when you get locked out of your home and must pay a professional locksmith to get back in.

WHAT IS THE PREMIER UPGRADE PLAN?

The Premier Upgrade Package (**PUP**) enhances the base Cinch Home Protection coverage plan, offering additional benefits for non-covered charges associated with a systems or appliance repair or replacement.

Just like many home warranty companies, Cinch Home Protection plans excludes paying for changes or upgrades due to code or regulatory requirements. Cinch covers repairs or replacements due to wear and tear.

Let me explain how it works with an example. Let's say you have an approved claim to replace your A/C. Cinch's home protection plans cover the costs of parts and labor, but there are \$700 of non-covered charges associated with the replacement (for duct modifications and permits). Without the Premier Upgrade Package, you would be out of pocket \$700 in addition to your service fee. If you have the Premier Upgrade Package, you'd receive a brand-new A/C and only pay your service fee out of pocket.

Keep mind, this option can be used **two times** per contract year, for up to \$1,000 of non-covered charges each time. That's up to \$2,000 worth of coverage for only \$120 a year. It's only an additional \$10 per month.

CAN I USE MY OWN REPAIRMAN?

Cinch Home Services' network of providers has an extensive list of service professionals. There's a chance that the company you use is already approved to do work for Cinch. You can always ask them if they are part of Cinch's network or if you'd like to recommend someone, please give them the information and they will contact the company to inquire if they would like to participate in our network.

Yes, Cinch has optional coverage plans that can be added to your basic warranty plan for an additional monthly cost. To add these any optional coverages, you will need to call Cinch within 30-days from your effective date.

Examples of optional coverage include:

HOW CAN I BE SURE OF THE QUALITY OF THE PEOPLE CINCH SENDS TO MY HOME?

Every service technician Cinch sends out has undergone an extensive selection process, which includes, but is not limited to: Background checks plus license and insurance verification. No one is permitted into the Cinch network unless they meet certain requirements.

IS IT TRUE CINCH WILL HELP PAY FOR A REPLACEMENT IF THE APPLIANCE OR SYSTEM CAN'T BE FIXED?

Absolutely, as you will see in the materials, Cinch sends you, if the repair person determines that the problem can't be fixed, Cinch will try to replace the covered item. That's one of the top reasons it's so important to have protection like this. Of course, just like any other protection plans, some restrictions may apply... things like caps and non-covered incidental charges.

WHAT IF MY SYSTEMS AND/OR APPLIANCES ARE REALLY OLD?

It doesn't matter how old your covered items are. If they are working when your protection plan goes into effect, you're covered. When you get the welcome kit, you can see the actual details of how it works.

WHEN WOULD I PAY MORE THAN THE [SERVICE FEE AMOUNT] SERVICE FEE?

Some parts or failures may not be covered and in that case, you would pay that in addition to the service fee for the item to be repaired. Cinch may elect to deduct the amount due for the protection plan from any claim credit. Also, please remember Cinch covers the repair or replacement of covered items due to wear and tear. Cinch plans do not cover changes or upgrades due to code or regulatory requirements, etc. We can always add additional coverage to your plan if you would like to. Cinch also requires for the plan payments to be current before processing any claim. All exclusions and limitations will be listed within the terms and conditions included in your welcome kit.

EXPLAIN THE SERVICE FEE

When you place a claim, Cinch will collect the [insert service fee amount] service fee. Just like a co-pay for a doctor or a prescription. And remember, if the technician has to return to complete the repair, the service fee you already paid covers that second visit provided does not exceed any coverage limits or contractor fees.

WHEN WILL I RECEIVE THE WRITTEN INFORMATION?

You should receive your welcome kit within 10-15 days from [today/tonight].

CAN I CANCEL AFTER I'VE MADE A CLAIM?

Yes, you can cancel after making a claim. Cinch may charge a \$25 processing fee at their discretion, and you would be responsible for the remainder of the annual premium or the amount of the claim, whichever is less.

CAN I CANCEL AT ANYTIME?

Yes, you may cancel at any time. If you call to cancel during the next 30-days, you will not be billed a penny. You may also cancel at any time after the next 30 days, and billing will stop. There is a cancellation processing fee of \$25 that is exercised at Cinch's discretion. However, if you have made a claim, you would be responsible for the remainder of the annual premium or the amount of the claim, whichever is the lowest.

WHAT IS THE POTENTIAL CANCELLATION FEE?

There is a cancellation processing fee of \$25 that is exercised at Cinch's discretion.

IS THIS INSURANCE?

Actually [Mr./Ms.] [LAST NAME], the [PLAN NAME] plan complements your homeowners insurance since most insurance policies don't cover [systems/appliances/systems and appliances] breakdowns due to everyday wear and tear. So, when something major breaks down in your home you might end up having to come out of pocket which could be hundreds to thousands of dollars.

It's definitely important to make sure you're totally covered so you don't have to lay out that kind of money, right?
